FOREWORD

Micro Small and Medium Enterprises Development Institute, Cuttack , a field office of Micro Small and Medium Enterprises Development Organisation, Ministry of Micro, Small and Medium Enterprises, Government of India, plays an important role for the promotion and development of micro, small and medium enterprises in the state of Odisha. This Institute provides techno-economic and managerial services in the field of economics, statistics, glass & ceramics, mechanical, electrical & electronics, chemical & food, leather & footwear to the micro, small and medium enterprises to improve their productivity and quality of product, promoting marketing and export including training facilities to the educated unemployed youths & in guiding them in setting up of new enterprises.

Every year this Institute conducts different programmes in dispersed locations in the state to fulfill the need of prospective entrepreneurs to enable them to set up enterprises and also to keep the existing units functioning in an effective manner. Micro and Small scale units are small in terms of investment, production but play vital role in country's economy by providing large-scale employment. The MSME sector contributes a significant percentage of industrial production as well as in earning foreign exchange for the country by exporting various products manufactured in this sector.

Keeping in mind the overall growth of this vital sector of the economy, this Institute conducted various programmes starting from motivating the educated unemployed youths to providing the training and handholding support to become self-employed by starting some enterprise, and in providing support to the existing units to continue to function in an up to date manner. This Institute has tried its level best to cover the nook and corner of the state by conducting different programmes for the educated unemployed youths with special emphasis to cover more number of beneficiaries from weaker sections. In this connection, this institute has organized 32 One Day Industrial Motivational Campaigns(IMCs), 33 Entrepreneurship Development Programmes(EDPs), under Action Plan and Special Programmes on packaging for exports(1No), One day awareness programme on QMS/QTT 4 Nos, One day awareness programme on CLCSS 2 No.s, One day awareness programme on IPR 6 No.s, One day awareness programme on EET 2Nos., One day awareness programme on Product certification 2nos., One day Seminar on Bar-Code(15 Nos.) under NMCP Schemes and 12 Management Development Programmes(MDPs), 9 Skill Development programmes(SDPs) under PD programmes for the benefit of existing and prospective entrepreneurs of the state.

There is a growing importance of this sector as it works as ancillary to various large industries by fulfilling the requirement and also to economise the product cost. Keeping this in mind, this Institute has also organized two National Level Vendor Development Programme-cum-Industrial Exhibition at Cuttack and Balasore and 10 State Level Vendor Development

Programmes including Business to Business (B2B) Meets and One-to-One Interaction Meets at different locations for the benefit of the MSME sector in the state.

This Institute has also prepared technical reports to disseminate information among the MSME entrepreneurs to get acquainted with the latest technology available and suitable for controlling waste and conserving energy. This Institute has undertaken District Industrial Potentiality Survey Profiles of six districts of the state by incorporating therein relevant information which would enable the entrepreneurs to select a product for setting up of such industries in the state. Common Facility Centres have been functioning to render value based services to the MSME entrepreneurs either in job work or in providing technical assistance and product development work. This Institute has also worked for rehabilitation of sick MSME units. In the present context of more emphasis on development of industries through cluster approach work, this Institute co-ordinated the development and progress of the Automobile Cluster at Bhubaneswar and the Rice Mill Cluster of Balasore.

This Institute has undertaken concerted efforts for promotion of flagship schemes including NMCP schemes such as Bar Code, ISO 9000, TEQUP, Marketing Assistance & Technology Upgradation (MATU), Business Incubator, QMS/QTT etc. In this regard, various awareness programmes have been organized for scheme promotion at different locations of the state for the benefit of MSME sector. This institute has also undertaken serious follow up with Technical institutes of the State to have the information pertaining to availability of Machineries with them so that cluster based skill training can be organized.

This Institute with a team of dedicated manpower is working with commitment and providing time bound and continually improving techno-economic managerial services and training facilities as a policy decision of Development Commissioner (MSME), Ministry of MSME, Government of India, New Delhi to enhance the satisfaction of existing and prospective entrepreneurs with an objective to accelerate the promotion and development of MSME sector to compete globally and to ensure self-employment in this state. The significant features of this Institute is that a large number of prospective and existing entrepreneurs have shown their keen interest for the reports as well as project profiles (updated and new) prepared by the officers of this Institute.

I am pleased to record my appreciation for Shri Shibananda Nayak, Asst. Director (E.I.) of this Institute for his concerted effort to bring out this Annual Report 2015-16 incorporating various activities and functions of this Institute on different aspects in a systematic way. I am sure, entrepreneurs, professionals attached to promotional agencies, financial and other training Institutes would certainly get the desired information from this report.

ACTION PLAN ACTIVITIES OF MSMEDI, CUTTACK DURING THE YEAR 2015-16 DETAILED REPORT

Odisha State Industrial Profile

Odisha State Industrial Profile was prepared/ updated once in a year up to 2003-04. As per the guidelines of O/o DC (MSME), New Delhi this report is being prepared/updated in every alternative year from 2005-2006. The current issue of Odisha State Industrial Profile has been updated under Action Plan 2015-16. The next issue will be brought out during 2017-18 for the benefit of the MSME entrepreneurs. The report works like a manual to the entrepreneurs, promotional agencies, financial institutions including banks, academic institutions and researchers as a stock of information/data on various aspects like availability of natural resources, raw materials, human resources, financial assistance, technical services including infrastructure facilities and scope of setting up new industries, role of promotional agencies and incentives given and schemes operated, growth of MSMEs, its pattern and other relevant information of the state are systematically incorporated in the report. The broad objective of preparation of this report is

- i) To analyze the availability of human and material resources in the state
- ii) To assess the infrastructural facilities available to plan for industrial development
- iii) To evaluate the progress of industrialization achieved so far in the state depending upon the available resources and infrastructure.
- iv) To explore the scope of setting up of units in the MSME Sector.
- v) Role of promotional agencies and Financial Institutions in promoting MSMEs.
- vi) Schemes and incentives given for promotion and development of MSMEs.

District Industrial Potentiality Survey Profiles

During the year 2012-13 as per the instructions issued by O/o DC(MSME), New Delhi, this Institute has prepared Brief District Industrial Potentiality Survey Profiles of all the thirty districts of the state with a focus on the following aspects viz; physical and geographical features, availability of natural, human resources and the present status of industrial development as well as availability of infrastructural facilities for further industrial development in the district & scope of new industries. In the year 2015-16 as previously prepared, District Industrial Potentiality Survey Report of 06 districts has been prepared and this report has been undertaken with the following objectives.

- To explore the natural and human resources and skill.
- To assess the available infrastructure for industrial development.

- To evaluate the existing industrial activities of the district, utilizing the resources and also catering to the local demand.
- To identify some of the viable projects in MSME sector which can come up in the district in the ensuing years based upon the locally available surplus resources and the demand factor.

The Table below reflects the districts covered for potential survey during last five years.

Brief report on TREADE Scheme

In order to alleviate problems of poor literate & illiterate women with regard to access to and control over resources, Govt. of India has launched a scheme titled” **Trade Related Entrepreneurship Assistance and Development (TREAD)**. There is a provision for Government of India Grant up to 30% of the loan/ credit maximum up to Rs. 30.00 lakh, as appraised by lending institution/ banks. The lending institutions/ banks would finance loan assistance for women through NGO for undertaking non-farm activities, who usually have no easy access to credit from banks due to cumbersome procedures and because of their inability to provide adequate security demanded by banks in the form of collaterals. GoI Grant and the loan portion from the lending agencies to assist such women shall be routed through NGOs, engaged in assisting poor women through income generating activities. While the loan amount will be passed on to women beneficiaries, the Grant shall be utilized by the NGOs for activities accepted as grant activities in the appraisal report of the lending agency and capacity building of the NGOs.

As per the TREAD Scheme, the Proposal, to be submitted by the NGO, through Online. After scrutinization, it is forwarded by MSME-DI,Cuttack, though Online, to the respective Bank, as mentioned by the NGO, for consideration for release of in principle sanction.

During the year 2015-16, 14 no of Proposals were recommended to Banks for consideration of issue of, In-principle sanction and in four proposal, in principle sanction, issued by Banks . During this year 03 nos State Level Screening Committee (SLSC), meetings organized by MSME-DI,Cuttack for considering , the proposals, where Banks have issued in principle sanction. CHAPTER - III

Steps taken for Promotion and Development of MSMEs other than the Action Plan Activities

Entrepreneurship Awareness Week

ED Cell of Silicon organized a three day Entrepreneurship Awareness Camp from 26th to 28th March 2016. During the three day event the Cell organized a panel discussion on “Start Up India”, a day-long workshop on “Innovation” and a business quiz competition for the students. Speaking during the inaugural session the Director of Silicon Prof.R.K.Patnaik urged the students to exploit the opportunity offered by the govt. to promote entrepreneurship in the country. He was of the opinion that it was never so easy to set up one’s own start-up as not only handholding support is given but also the start ups can easily get access to funds .The programme Coordinator Dr. Mahendra Prasad Agasty briefed about the objective of the programme. The chief guest, MSMEDI, Director I/C Mr.P.K.Gupta emphasized that there is no other solution except “Entrepreneurship’ and promised to extend all possible support to anybody who wants to become an entrepreneur. The speaker Mr. Deepak Chaudhury advised the students to accept the rule of the game and enjoy the life of an entrepreneur.

Technology Resource Centre(TRC)/SENET & Information Facilitation Centre(IFC)

As per the decision of the O/o DC (MSME), New Delhi, Technology Resource Centre (TRC) has been made effective since 1st October, 2001 in this Institute. Officers of different divisions of this Institute have been sourcing information on technology, market etc. through website and other sources to supply it to entrepreneurs and also use while preparing project profiles and technical reports both under the Action Plan and as per the local demand. Officers and staff members have been trained, phase-wise to utilize the computer network to fulfill the requirement of entrepreneurs. Information and data bank has been created to solve the need of information of officers, promotional agencies as well as entrepreneurs.

The facility of Broad Band Internet Connection is available at present. A strong data base has been built up to meet the information need of all concerned. The entrepreneurs and trainees of the Institute have been using the website of this Institute to get different information from time to time. The website of this Institute is being updated from time to time to make it a vibrant and dynamic one. Sky Pe connection has been installed in the computer of Director for online chatting for official purposes with Hrqs. Office.

The Information Counter of this Institute has been renamed as Information Facilitation Centre (IFC) as per the instruction of the O/o DC (MSME), New Delhi. It has been modernized with a computer having facilities of Internet and Website. All the project profiles available at this Institute have been computerized for easy accessibility of the visitors. A suggestion book has been kept at the Centre to receive the comments and suggestions of the visitors for further improvement of the services. The website of this Institute has been updated frequently with regards to training calendar, tender enquiries, e-tenders uploaded in CPP and various activities undertaken by the Institute during the year 2015-16.

Compilation and Forwarding of Database on Entrepreneur Memorandum (EM-II) in respect of MSMEs

National Awards to MSMEs – 2014:

In total 17 MSMEs from the State applied for the National Awards 2014. Out of them 11 applied for Outstanding Effort in Manufacturing Sector, 5 applied for Outstanding Effort in Service Sector and 1 applied for Product/Process Innovation. State Level Selection Committee (SLSC) under the Chairmanship of Principal Secretary, MSME Department, Government of Odisha, recommended 12 applications to the National Level Selection Committee (NLSC).

Submission of Monthly Progress Report

As a part of the Action Plan activities, this office is entrusted with the task of sending the MPRs to O/o DC (MSME), New Delhi by stipulated date every month. During the year 2015-16, this Institute has dispatched all the MPRs (12 nos.) within the stipulated date for information of the Headquarters office.

Assistance to weaker Section of the Society through different programmes

As per the policy decision of the Government of India for the upliftment of the weaker section of the society, this Institute has paid adequate attention in encouraging them to undertake activities in the small scale sector through different training and other programmes organized during the year 2015-16. The weaker section comprises women, scheduled caste, scheduled tribe, physically handicapped members and Minority Communities. The training programmes were

organized with the objective to provide them techno-economic and managerial inputs besides practical training to develop the skills in setting up of their ventures.

A total no. of 740 candidates was trained in EDPs & Skill Development Courses (SDP) out of which 330 women, 200 SC, 140 ST and 1 Minorities were trained. Besides, the officers of this Institute rendered technical assistance to existing and prospective entrepreneurs at their unit premises and at this office.

Assistance to Weaker section of the society through different programmes during 2015-16

Sl. No.	Name of the programme	Candidates Assisted/Trained						
		SC	ST	PH	Women	Minority	OBC/General	Total
1.	EDP	194	137	-	330	1	382	714
2.	SDP	6	3	-	-	-	17	26
Total		200	140		330	1	399	740

Note: Women trainees are also included in other categories i.e., in SC, ST, OBC/General.

It may be mentioned here that in an Industrial backward state like Odisha, there is a good and encouraging response to different programmes conducted by this Institute in general. The weaker sections of the society are coming forward in these activities. This Institute is trying its level best to accommodate more candidates from weaker section as per the criteria fixed by the Government. Officers of this Institute attended different Task Force Meetings of DICs in connection with PMEGP schemes and given emphasis for the preference of weaker section of the society for getting benefits under the scheme.
